

Application

The unique beauty and versatility of this STUDIO LINE pendant is enhanced by the choice of three matte interior finishes combined with a velvet black exterior. These finishes may be chosen to complement a wide array of interior spaces. A subtle hint of colored light on the outside edge of the beam spread results from the internally reflected light. The result is an eye-catching and elegant lighting effect.

Materials

Aluminum housing
 Black connecting cable
 Silicone optic with excellent high temperature and UV stability
 Pure anodized aluminum reflector surface with matte finish

NRTL listed to North American Standards, for interior use only

Weight: 2.6lbs.

Electrical

Operating voltage 120-277VAC
