Application

In-grade adjusable floodlight luminaires. The patented mounting system allows for installation in pre-cored holes such as stone, tile or decks. These luminaires are designed to bear pressure loads up to 4400 lbs. from vehicles with pneumatic tires. The luminaires must not be used for traffic lanes where they are subject to horizontal pressure from vehicles braking, accelerating and changing direction.

Materials

Clear safety glass Corrosion-resistant 304 grade stainless steel Fully potted waterstopper cable High temperature silicone gasket Mechanically captive stainless steel fasteners Stainless steel screw clamps Pure anodized aluminum reflector

NRTL listed to North American Standards, suitable for wet locations Protection class IP 68

Weight: 13.3 lbs.
